

"Quality You Can Grow On"

TO OUR CUSTOMERS

I would like to thank all of our customers and friends for their business over the past 37 years. You have allowed us to grow from a one acre azalea grower to more than forty acres in production of over 300 different varieties of plants. In this time we have developed great business relationships but more importantly your valued trust and friendship.

We credit our success to you, our customers, and strive to continue offering the variety, quality, service and value that will allow your continued success as well. All of our customers are important to us and we appreciate any comments that you may have that will better help us to serve your nursery stock needs.

If you are a new customer we thank you for your time and interest in our nursery plants and we look forward to the opportunity of serving you in the future.

*Sincerely,
Mike Hudson*

For a list of our current plant availability and to see new plants or sizes we are growing visit us on the web at:
